WACO Family and Friends;

The WACO luncheon turned out OK with around 14 people showing up. The food was good but the service was slow and confusing for them. The \$2.99 Margaritas were good though. ☺

I think that most of you already know that the WFO car show in Augusta and the downtown Wichita Automobilia / Moonlight car show are both going on this Saturday. There are good and bad things about both shows so good luck in choosing.

We are actively looking for a nice place to hold this year's annual **Christmas Party**. I know it seems like it is awfully early to think about Christmas but venues fill up quickly and if we are not on top of it we will not find a good one. Mike and Cindy are always happy to have us at their place but with the great turnout that we have been having it seems like we need a little more room.

Kevin has found us what appears to be a really good place at the Motorplex at WSU. The room seats around 100 people, has video and stereo equipment and we can get it for only \$100.00 for the evening.

I am sure that Kevin will have more information for us at the next meeting.

Kevin now has the parts off of the 1931 Chevrolet Fire truck so we / he can do some research in finding some replacement parts to make it run good again. I am not exactly sure what we need to do from here on but come to the next meeting and we will all find out.

David Hime and Kevin have been working hard with Dale to get more pictures posted on our web site <http://wichitachevelle.com> so please take a minute out of your busy schedule to check out the videos and pictures.

Check out the pictures on our web site. If you haven't been to our WACO web site lately then you need to do it now. Steve Castaneda took a lot of pictures for us at the Regionals and Margaret Lafferty to a really good video of the cars driving out of the parking lot to go on the poker run.

We do have some more pictures to add, but what Dale has put on the site for us so far are great. Check it out!

If anyone is interested in owning a 1988 IROC with only 49,000 miles on it for \$11,000.00 then give Rick Miller 316-259-8349 a call.

We had really good attendance at our last meeting, you should have been there. The shaved ice thing was a great idea.

At our last meeting Kevin mention that it would be good if we started letting each other know which car shows we plan on attending. If you are going to attend a show, send me an e-mail and I will let others know.

We need to start planning some WACO events like cruises, picnics, luncheons , dinners, tours or whatever you all want to do. Help with the planning by letting us know what you want to do.

Wichita Burner enjoyed having us at their open house last year and they would like to do it again this year. Right now they are planning their open house for Wednesday September 18 around lunch time. There will be good parking for all of our cars and FREE FOOD and soft drinks. Please put it on your calendar and plan on attending.

Maybe we can get the Falcon club and the Camaro club to join us there.

If you took any pictures at the MCR 2024 and would like to have them posted on our web site when we do the others please send them to David Hime dhime@sbcglobal.net and we will try and get them added.

If you are looking for an **El Camino**, now is your chance to buy one. Gene League has two of them **for sale**. One is a 1965 and the other one is a 1986 or 87 I think. ☺

Call Gene for details, 1-316-648-0192 or genevleague@gmail.com.

If anyone is looking for a 1967 SS, here is your chance to own one.

I did want to let you know that I might be interested in selling my 67 SS red 4 speed Chevelle but it would be in the \$50,000 plus range. I do have \$20,000+ of receipts. I would eventually get another one but I would like an automatic with power steering and possibly ac. I know the vin # validates a factory 396 SS but not sure on the motor. I know it was completely rebuilt and I believe it is the original motor. Miles is less than 40,000. I have not actually advertised it yet but wanted to let you know in case you might know or hear of anyone that might be interested. Thanks Roger Wiggett rwiggett@cox.net

I hope that you ordered your WACO shirt from David H by now because I believe he has placed the order.

I am not sure if we will have the shirts in time for the next meeting but you can still come and pay for yours if you want to. ☺

Don Overstake, a WACO member, has a 468 CI engine for sale and you can hear it run if you are interested.

Brian McNeil, a WACO member, has a couple of cars to sell.

I am looking to sell a couple of my cars and some parts. I have a 1970 Chevelle LS6, red automatic, that is on the LS6 registry and had a frame on restoration performed by Rick Nelson of Muscle Cars Design and Restoration. The car doesn't have documentation, but Rick has all the photos for the unit. I also have a 1971 Monte Carlo SS 454, triple black in color, with all options. It had a complete three year restoration performed on it. I have a spare LS6 engine for a 1970 Chevelle LS6 4 speed that Rick Nelson restored for me as a spare, a TH400 automatic transmission, rear axle housing for a 1970 Chevelle F41 suspension that came off a LS6 car with a date code of Jan 1970.

I'm not sure how to post this stuff or sell it, but I would like them to go to good homes. Maybe you could share the above with some of the regional/local club members. People can reach out to me at my email or cell phone number if interested. Let me know about the club membership dues and I'll get those paid if I owe anything.

Respectfully yours,

Brian McNeil
